Test acc. to: EN 1090-1:2009+A:2011-Execution of steel structures and aluminum structures
The design, manufacture (including welding) and installation of structural work
in steel up to and including Execution Class 2

In compliance with Regulation 305/2011/EU of the European Parliament and of the Council of 9 March 2011 (the Construction Products Regulation or CPR), this certificate applies to the above construction product. This certificate attests that all the provisions concerning the assessment and verification of constancy of performance described in Annex ZA of the above standard(s) under system 2+ are applied and that the factory production control is assessed to be in conformity with the applicable requirements. This certificate was first issued on the date below and will remain valid as long as neither the harmonized standard, the construction product, the AVCP methods, nor the manufacturing conditions in the plant are modified significantly, unless suspended or withdrawn by the notified factory production control certification body.

A handwritten signature in blue ink, which appears to read "R. Poellnitz", is written over a horizontal line.

President B2B
Robert P. Poellnitz
